Stakeholder Management Fundamentals. A Guide to the Project Management Body of Knowledge (PMBOK ® Guide) (Project Management Institute, 2008) charges project management teams with the responsibility for identification of these: "...both internal and external stakeholders in order to determine the project requirements and expectations of all parties involved." Risk management The Monte Carlo simulation results for this project reflect a tight budget, which was indeed the case. This project also had a large amount (US\$400 million) of construction scope, which had been subcontracted on a fixed price contract, thus the construction scope of work risk was on the construction company instead of the project.
