Self Interest And Universal Health Care Why Well Insured Americans Should Support Coverage For Everyone - Problems of health insurance coverage and health care in ... ABSTRACT. A nearly universal consensus has developed in the United States that the current health care financing system is a failure. The system has been unable to control the continuing rapid rise in health care costs (by far, the highest in the world), and it has been unable to stem the growing population that has no health insurance coverage (at least 36 million people).
