
Solution Architecture Templates

Solution Architecture Templates - Reference architecture - Wikipedia A reference architecture in the field of software architecture or enterprise architecture provides a template solution for an architecture for a particular domain. It also provides a common vocabulary with which to discuss implementations, often with the aim to stress commonality. A software reference architecture is a software architecture where the structures and respective elements and ...

Sat, 20 Apr 2019 01:04:00 GMT Cisco Unified Computing System How to Create Application Architecture Diagram Online?
